Sir:

PETITION TO CORRECT FILING DATE

The Notice to File Missing Parts of a Nonprovisional Application mailed March 24, 2004 indicated that the filing date of December 15, 2003 was granted. However, in addition to requiring submission of the oath or declaration, the Notice further indicated that Figure 2 had been omitted from the application. Applicant responded by submitting the missing Figures 2a and 2b along with a properly signed declaration. Upon receipt of the missing drawing, the filing date was reassigned to April 5, 2004, the date on which the Patent Office received the missing drawing.

Responsive to the reassignment of the filing date, Applicant asserts that the application as originally filed without Figure 2a and 2b meets the requirements of 35 U.S.C. § 112 and 113. Applicant respectfully submits that the specification as originally submitted is written in full, clear, concise, and exact terms such as to enable any ordinary person skilled in the art to practice the invention and that Figures 2a and 2b are not necessary to understand the subject matter sought to

The specification has been amended to correct the description of the drawings as set forth in the Brief Description of the Drawings on page 11 of the specification and to incorporate by reference FIGS. 2a and 2b from co-pending parent application serial number 10/426,441 on page 29.

Applicant respectfully submits that the application is entitled to a filing date of December 15, 2003 and respectfully requests a refund of the enclosed petition fee of \$ 400.00.

Respectfully submitted,
